Recaps need to be limited to three (3) pages, including form and must be e-mailed directly to wicweek@gmail.com.

Please return by April 2, 2017.

## **WIC WEEK COMMITTEE REPORT 2017**

**Greater Orlando Chapter 73** celebrated WIC Week 2017 with a variety of events and activities. President Rose Buchanan, established the theme "SOAR with NAWIC". "SOAR" stands for Strengths, Objectives, Aspirations and Results. The WIC Week Committee focused our activities on our greatest strength which is our large membership by offering different activities each day, allowing many members the opportunity to participate. The committee also wanted to educate our members and introduce students to our association. Finally, it was important to offer a community service project to highlight our many talents.

The following activities were held:

Sunday, March 5<sup>th</sup>: Members were encouraged to download and share the WIC Week Logo on Facebook, Twitter or Instagram and celebrate their role in our industry.

Monday, March 6<sup>th</sup>: A WIC Week lunch was held at Café Murano with 26 members and guests in attendance.

Tuesday, March 7<sup>th</sup>: The Chapter held their monthly Board of Directors meeting and members were invited to attend and learn about being part of the Board.

Wednesday, March 8<sup>th</sup>: Members, guests and students toured Triangle Reprographics and learned all about the graphic design and different printing techniques available today. Owner, Reg Gardner personally hosted the event. Members found the tour very educational. Refreshments and door prizes followed.

Thursday, March 9<sup>th</sup>: Taking advantage of the beautiful Florida weather, we moved outside and did an evening movie in the park! It was a wonderful evening as members enjoyed the movie "A League of Their Own" and shared pizza, wine and friendship.

Friday, March 10<sup>th</sup>: A second WIC Week lunch was held at Duffy's Bar & Grill. Again there was a great turnout with about 25 members and guests in attendance.

Saturday, March 11<sup>th</sup>: The chapter supported Habitat for Humanity, Women's Build. Eighteen chapter members raised funds and spent the day building!

Greater Orlando's WIC Week was an outstanding success and allowed us to increase our visibility through our partnerships with several schools and our work for Habitat. We were successful in attracting both "NEW" members and guest at each event, allowing them to experience firsthand the education, industry relations and friendships that NAWIC promotes.

Pat Walker, CIT, CDS  
2017 WIC Week Chair

**SUPPORT ENCOURAGE GROW 2017**
